

Insure Oklahoma helpline: 1-888-365-3742

State Offices we will be closed Monday, Feb 15th for observance of President's Day

Attention!!

It has come to our attention that some agents are advising their clients to split their companies up into multiple entities, so that they may then meet the eligibility guidelines for the Insure Oklahoma program. While we do not care how a business structures their operations, including their legal structure, we do care if the intent is to manipulate the organizational structure solely to seek subsidy. At a minimum, this action is one that is not undertaken in good faith. In addition, it is possible that the action could be considered fraudulent and we would be obliged to reject the applications and report the potential fraud to the applicable state and federal agencies. That would trigger an investigation by Oklahoma Attorney Generals Office of Medicaid Fraud Investigations and potentially placement on the Medicaid Fraud list, which bars participation in any Medicare or Medicaid Programs nationwide. Please advise your clients they should check with their legal counsel before making any changes and please be advised that the OHCA will look beyond the form to the substance of corporate structures when determining eligibility.

Insure Oklahoma Email Address

insureok@okhca.org has replaced the email address insure@okxix.hcg.eds.com. If you have an employer or agent that would like to email and/or send scan documents, please have them send the information to insureok@okhca.org.

Professional Employer Organizations (PEO)

Only PEO's on the IO website will be accepted. Small businesses who provide their own group insurance (not through the PEO) must have an Insure Oklahoma QHP or be willing to change to one. Their affiliated PEO must be willing to provide a payroll listing with their application.

Regarding PEO's who provide the small businesses group insurance, if not already approved, the PEO with their Insurance Carrier must apply for their plans to be approved under Insure Oklahoma. See instructions and forms under Health Plans. The PEO and carrier must be willing to work with Insure Oklahoma to provide the necessary documentation for their clients - such as payroll reports and carrier invoices - who are applying and participating with Insure Oklahoma.
